— *Intro*

We welcome students ages 9-13 to experience a 2-week international sleep-away camp on a 220-acre camp in Northern New Jersey.

Nestled in the breathtaking landscape near New Jersey's Stokes Forest, the 200+ acres of pristine lake, ponds, fields, and forests provide an inspiring setting for youth to Do More - Be More.

The variety of indoor & outdoor facilities and an endless menu of activities makes this camp extraordinary!

Organized by HudsonWay Immersion School, this camp introduces international students from Mandarin and Spanish speaking countries to American students who are learning Mandarin or Spanish.

Our native speaking teachers of English, Mandarin and Spanish teachers support the camp staff to make learning fun and immersive.

This program is designed to maximize opportunities for students to practice language development with their peers while enjoying the fun of camp.
